

Florida Propane Irrigation Rebate Program

The Propane Education Foundation of Florida (PEFF) has established a propane irrigation engine rebate program by providing a rebate that will encourage businesses to purchase propane irrigation engines in an effort to educate and provide farms with direct knowledge about the performance of propane with these engines.

Rebate amounts for each new qualifying engine under this program will be limited to the applicable rules with a maximum of \$2,500. per approved engine (total of 5 engines) per Florida applicant incentives which can be coupled with PERC Farm Incentive Program funds.

Funding is limited and not all applications may be able to receive incentives. The purchase of any equipment described herein does not automatically guarantee incentives and not all applicants will qualify. Propane companies and their employees are not eligible to receive incentives.
